Dear Friends of Centre Wildlife Care,

During this season of giving, we hope that you will remember all of the wild animals in need.

Centre Wildlife Care is funded only by donations!

Your contribution goes a long way to help us provide professional care to these orphaned & injured wild animals.

This year CWC provided care to over 1500 (up 40% from 2012) wild animals, which included bald eagles, owls, raccoons, and many of the common species that are orphaned because of human influence such as construction, cars and landscaping.

We accept all native species of wild animals that need help.

Centre Wildlife Care (CWC) is a non-profit, tax-exempt, charitable organization that provides professional care to orphaned and injured wild animals until they can be released back into the wild. The PA Game Commission, the Fish & Boat Commission, the US Fish & Wildlife Service and the USDA license CWC.
